Written by Brian Robertson. This is a short extract from Unit 9.4 Our Body from the forthcoming Grade 9 Science Outcomes book. This extract is in draft format and will look completely different in the eventual book. You can use this now with your grade 9 science class (or any class for that matter) if you want to.

~~Grade 9 Science Outcomes PNG School Books~~

In Grade 9, you will explain the importance of biodiversity, find out how changes in the environment may affect species extinction and relate species extinction to the failure of populations of organisms to adapt to abrupt changes in the environment. In any ecosystem, organisms need a balanced environment.

We will be creating interactive notebooks (INBs) throughout Science 9 this year. You will often be responsible for cutting & pasting components for the next day's notes into your book before next class. You can do so at home or at school during lunch, breaks or after school but they must be complete prior to the next class.
