EYE CONTACT. This is one of the most important parts of ASL. You should watch and maintain eye contact. That means you look at the EYES more than the hands. Trust me and trust yourself. You can see the hands while you look at the eyes. In Deaf Culture (the Deaf World) looking away is rude. Watch me!

American Sign Language - A Master Guide. American Sign Language (ASL) is a complete, complex language that employs signs made by moving the hands combined with facial expressions and postures of the body. It is the primary language of many North Americans who are deaf and is one of several communication options used by people who are deaf or hard-of-hearing.
