Math In Focus The Singapore

Math in Focus mirrors the original Singapore Math 's layout with books A and B for each level for Teacher 's Editions, student textbooks, and student workbooks, essentially splitting the course for each level into two parts. Kindergarten is the exception to this layout since it has only workbooks rather than separate texts and workbooks; there are four of these relatively thin kindergarten student workbooks.

Math in Focus: The Singapore Approach - Cathy Duffy

Math in Focus is the newest program to incorporate the widely-used Singapore approach to math. Two key ways that the Singapore approach differs from more traditional programs are: Consistent use of models that allow students to tackle concepts that are normally delayed until later grades
