Software Requirements MCQ
Questions & Answers Letsfindcourse
Requirements Engineering is closely
related to software engineering,
which focuses more on the process of
designing the system that users want.
Perhaps the most concise summary

Download File PDF
Requirements Engineering
From System Goals To Uml
comes from Barry Boehm:
requirements are "designing the right
thing" as opposed to software
engineering ' s "designing the thing
right" (Boehm, 1981).
