Medium Can Change Perceptions. by Bart Croonenborghs; February 10, 2015 Regular readers know I sometimes like to cover books that are not necessarily comics but do have their own unique point of view on the power of the visual medium.

~~Review: Shooting Range—Photography and the Great War~~

Shooting Range: Photography & The Great War draws on a selection of magnificent private archives to show how this then relatively new technology was used for a variety of propaganda purposes. Reproducing a massive wealth of archival postcards, newspaper and magazine features, photo albums, commemorative images and amateur photographs from all sides of the conflict, it looks at the ways in ...

"Shooting Range: Photography and the Great War" focuses on "the image" of the First World War in photography and film. What are the most important roles that modern visual media played in the course of the conflict? How were photography and film first deployed on a broad scale in the interest of propaganda? How were combat and death made (in ...
