She sparks a school-spirit revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. Stargirl is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. "Spinelli has produced a poetic allegorical tale about the magnificence and rarity of true nonconformity." -- The New York Times

The New York Times bestselling sequel to Newbery Medalist Jerry Spinelli's modern-day classic *Stargirl*, now an original film on Disney+! *Love, Stargirl* picks up a year after *Stargirl* ends and reveals the new life of the beloved character who moved away so suddenly at the end of *Stargirl*. The novel takes the form of "the world's longest letter," in diary form, going from date to date through a little more than a year's time. In her writing, *Stargirl* mixes memories of her bittersweet time in Mica, Arizona, with involvements with new people in her life. In *Love, Stargirl*, we hear the voice of *Stargirl* herself as she reflects on time, life, Leo, and - of course - love. "Spinelli is a poet of the prepubescent. . . . No writer guides his young characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion."  
—The New York Times

A Newbery Medal winning modern classic about a racially divided small town and a boy who runs. Jeffrey Lionel "Maniac" Magee might have lived a normal life if a freak accident hadn't made him an orphan. After living with his unhappy and uptight aunt and uncle for eight years, he decides to run--and not just run away, but run. This is where the myth of Maniac Magee begins, as he changes the lives of a racially divided small town with his amazing and legendary feats.

From renowned Newbery-winning author Jerry Spinelli comes a powerful story about how not fitting in just might lead to an incredible life. This classic book is perfect for fans of Gordon Korman and Carl Hiaasen. Just like other kids, Zinkoff rides his bike, hopes for snow days, and wants to be like his dad when he grows up. But Zinkoff also raises his hand with all the wrong answers, trips over his own feet, and falls down with laughter over a word like "Jabip." Other kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become "hero." With some of his finest writing to date and great wit and humor, Jerry Spinelli creates a story about a boy's individuality surpassing the need to fit in and the genuine importance of failure. As readers follow Zinkoff from first through sixth grade, it becomes impossible not to identify with and root for him through failures and triumphs. The perfect classroom read.

A collection of cross-curricular lessons to accompany the novel by Jerry Spinelli offers sample lesson plans, vocabulary lists, quizzes, cooperative learning activities, and book report ideas.
