The Little Book of Tea. The Little Book of tea is for journalists only. Tea is the most consumed drink in the world, after water, but offers many more wellbeing benefits than just being a refreshing beverage. The major active substances in tea are believed to be flavonoids – plant compounds from the polyphenol family – which are also found in different forms in fruits, vegetables, cocoa and red wine.

The Little Book of Coffee Tips contains a plethora of facts about beans, blends and all things coffee. Try homemade iced cappuccino, have a go at roasting your own beans and give coffee granita a whirl too. Learn why the freezer is coffee's best friend and the fridge its foe. With tips on brewing and filters too, this little book makes for a golden blend of coffee wisdom.

From tea guru Sebastian Beckwith and New York Times bestsellers Caroline Paul and Wendy MacNaughton comes the essential guide to exploring and enjoying the vast world of tea. Tea, the most popular beverage in the world after water, has brought nations to war, defined cultures, bankrupted coffers, and toppled kings. And yet in many ways this fragrantly comforting and storied brew remains elusive, even to its devotees. As down-to-earth yet stylishly refined as the drink itself, A Little Tea Book submerges readers into tea, exploring its varieties, subtleties, and pleasures right down to the process of selecting and brewing the perfect cup. From orange pekoe to pu-erh, tea expert Sebastian Beckwith provides surprising tips, fun facts, and flavorful recipes to launch dabblers and connoisseurs alike on a journey of taste and appreciation. Along with writer and fellow tea-enthusiast Caroline Paul, Beckwith walks us through the cultural and political history of the elixir that has touched every corner of the world. Featuring featuring charming, colorful charts, graphs, and illustrations by bestselling illustrator Wendy MacNaughton and Beckwith's sumptuous photographs, A Little Tea Book is a friendly, handsome, and illuminating primer with a dash of sass and sophistication. Cheers!

Also available in the Little Book series: "The Little Book of Vermeer" "The Little Book of the Louvre" "The Little Book of Chocolate" "The Little Book of Coffee" "The Little Book of Wine Authors: Kitti Cha Sangmanee is an expert tea master and president of Mariage Freres Teas, Paris. Catherine Donzel is a historian. Stephane Melchior-Durand is an art historian. Alain Stella is a writer.

Afternoon tea is an English ritual, a social as well as culinary affair. A Little Book of English Teas presents an exquisite array of afternoon tea fare, from dainty sandwiches and "biscuits" to heartier muffins and cakes. Traditional English recipes are given for such delights as Egg and Watercress Sandwiches, Lancashire Cheese Scones, Florentines, Maids of Honor, Crumpets, and many other favorites. Each recipe is accompanied by a delightful full-color illustration.

The Book of Tea was written by Okakura Kakuzo in the early 20th century. It was first published in 1906, and has since been republished many times. In the book, Kakuzo introduces the term Teatism and how Tea has affected nearly every aspect of Japanese culture, thought, and life. The book is accessible to Western audiences because Kakuzo was taught at a young age to speak English; and spoke it all his life, becoming proficient at communicating his thoughts to the Western Mind. In his book, he discusses such topics as Zen and Taoism, but also the secular aspects of Tea and Japanese life. The book emphasises how Teatism taught the Japanese many things; most importantly, simplicity. Kakuzo argues that this tea-induced simplicity affected art and architecture, and he was a long-time student of the visual arts. He ends the book with a chapter on Tea Masters, and spends some time talking about Sen no Rikyu and his contribution to the Japanese Tea Ceremony. According to Tomonobu Imamichi, Heidegger's concept of Dasein in Sein und Zeit was inspired -- although Heidegger remains silent on this -- by Okakura Kakuzo's concept of das-in-dem-Welt-sein (to be in the being of the world) expressed in The Book of Tea to describe Zhuangzi's philosophy, which Imamichi's teacher had offered to Heidegger in 1919, after having followed lessons with him the year before.

Tee erfreut sich seit vielen hundert Jahren großer Beliebtheit. Die Anfänge der ausgeprägten Teekultur finden sich in China, wo zum ersten Mal Pflanzenblätter zu dem aromatischen Getränk gebraut wurde. Auf dem Seeweg kam der Tee aber recht bald nach Europa, wo er sich zunächst als eine Art Arznei bewähren musste, bevor er vor allem in englischen Adelskreisen zum Genussmittel avancierte. Das vorliegende Buch beschreibt sowohl die Geschichte des Tees als auch typische regionale Zubereitungsarten, und geht überdies auf seine kulturellen Bedeutungen ein. Es handelt sich hierbei um eine englischsprachige Ausgabe.

These Little Books, Each Handwritten & Watercolored, are Bound with a Grosgrain Ribbon & Celebrate All the Simple Things that Make Life Sweet: Love, Birthdays, Babies, Hats, Birdies, & Girlfriends to Name a Few. Quotes, facts, wit & wisdom in a fun-filled format

Written in English by a Japanese scholar in 1906, ""The Book of Tea"" is an elegant attempt to explain the philosophy of the Japanese Tea Ceremony, with its Taoist and Zen Buddhist roots, to a Western audience in clear and simple terms. One of the most widely-read English works about Japan, it had a profound influence on western undertsanding of East Asian tradition.
