Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, compelling overview of world history that explores common challenges and experiences of the human past, and identifies key patterns over time. Political, economic, social, religious, intellectual, cultural, and military history -- presented in a chronological framework -- help students appreciate and understand the distinctive character and development of individual cultures in society. Themes (Science and Technology, Art and Ideas, Family and Society, Politics and Government, Earth and the Environment, Religion and Philosophy, and Interaction and Exchange), assist students in placing historical events and the contemporary world in a meaningful context. Available options: WORLD HISTORY, 9th Edition (Chapters 1-30); Volume I: To 1800 (Chapters 1-18); Volume II: Since 1500 (Chapters 14-30). In 1981 law school graduate Victor Hassine was sentenced to prison for life without parole for a capital offense. *Life Without Parole, Third Edition*, is an insightful look at conditions of confinement and prison life in America today, taking the reader on a "guided tour" of the prison experience. In powerful and poignant prose, Hassine conveys the changes in prison life that have come about as a result of the war on drugs, prison overcrowding, and demographic changes in inmate populations. Topics covered include rape, prison gangs, prison violence, AIDS, homosexuality, and prison politics. The Third Edition features five new chapters and continues to graphically document the violence and fear that are part of everyday life in a men's maximum-security prison. Every chapter also features a new introduction rewritten by eminent criminologist Robert Johnson. New Chapters: * Chapter 8: "Anatomy of a False Confession" recounts the story of Frank Stoppage, an innocent man who was released before DNA testing began to reveal the innumerable travesties of justice that permeate our justice system. * Chapter 17: "Scenes from a Prison" introduces us to several fascinating inmates whose lives reveal the human diversity of the prison world. * Chapter 18: "Interview With Judge Richard J. Nygaard" provides a forum for Judge Nygaard to speak with authority about our growing penal system and the ease with which society has come to live with prisons that operate as destructive human warehouses. * Chapter 23: "In Search of the Convict Code" debunks the long-held notion that there exists a convict code, unique to confinement, which is a powerful force in prison affairs. Real codes of prison conduct, we learn, are imported from the outside world and adapted to the demands of life in confinement. * Chapter 24: "A Hitchhiker's Guide to Prisons" examines how offenders cope with fear, and offers strategies on how
